SAFE LEARNING ENVIRONMENT *with CG Slate*

With your Parent Pin you can control what your child does on the phone/tablet. Your child will be asked for the parent pin everytime he/she tries to switch to another application.

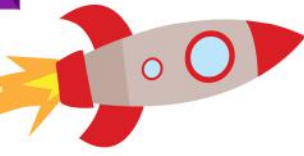

If you want your child to watch videos & use apps other than those in CG Slate, but at the same time you don't want him/her to use the internet, then you can add external videos & apps on CG Slate which can be easily accessed by your child.

I, Titu, the mascot of CG Slate, will be your child's learning companion. I will give suitable suggestions so that your child never finds it difficult to learn with CG Slate.
